

AAVLD FOUNDATION AUCTION & BANQUET

Virtual/Silent: October 1st, 2022 - October 7th, 2022

In-person: Friday October 7th, 2022

Thanks to all of you that continually support the AAVLD Foundation Auction and make it a huge success each year!

This year the auction will again be one of the highlights of the annual AAVLD meeting. A simple, virtual silent auction will be held from October 1st, 2022, to October 7th, 2022, on the Silent Auction Pro platform and anyone is welcome to participate, even if they are not registered to attend the Annual Meeting. Participants will be able to view items, make their bids and get alerts on the status of their items. A few of our donated items will be reserved for our live, in-person auction which will be held on Friday October 7th, 2022. The in-person banquet will begin at 6:30 PM CST and all virtual bids will need to be placed by 8:00 PM CST when the live auction will begin. You won't want to miss the fun of either event!

The mission of the AAVLD Foundation:

- Recruit, educate and retain the next generation of veterinary diagnosticians
- Reward excellence in veterinary diagnostic medicine

Please support the AAVLD Foundation by donating an item(s) personally or from your laboratory

Foundation Accomplishments

The primary focus of the foundation in recent years has been to provide travel funding to enable students (DVM, post-DVM or other graduate students) to attend and present their work at our annual meeting. By increasing the number of students that attend the annual meeting the foundation aims to encourage greater involvement in diagnostic laboratory medicine as well as long term participation in AAVLD.

2021 Highlights

AAVLD awarded 9 student travel awards, 3 student competitive presentation awards and 2 JVDI publication excellence awards.

Recent AAVLD Foundation Sponsored Travel Awards:

- 2020: 21 trainee travel awards
- 2019: 14 trainee travel awards, 6 DVM student and 5 laboratory staff travel awards
- 2018: 14 trainee travel awards and 8 laboratory staff travel awards

**Please show your support of the next
generation of diagnosticians by
participating in your AAVLD Foundation
