

American Association of Veterinary
Laboratory Diagnosticians

Save the Date: October 31, 2025

Join the AAVLD Virology Committee for
the full-day symposium:

**International Experiences with High
Consequence Animal Disease
Outbreaks and Response**

Partially funded by USDA Farm Bill AP24VSD&B000C058

**Hear about experiences with transboundary animal disease
outbreaks from regional and global experts, including:**

- **African swine fever global prospective and experience from some countries dealing with disease now**
 - **Influenza from the FAO perspective**
 - **Emerging viruses in Europe**
 - **Disease ecology**
